

## Being Me

Kissing a world goodbye  
One I'm glad to see the back of  
Leaving a farce behind  
Can't stand the superficial  
Universe wants me out  
Nurture my soul and go elsewhere

Thankfully, I'm emerging free  
Walking straight and being me

As an eagle, I reach new heights  
As a seagull, I scavenge for delights  
Like a dove, I seek peace in all things

Gestating part of me  
Like a dual personality  
Leaving the acting scene  
Playing a role I'm so over  
Universe wants me out  
Nurture my soul and go elsewhere

Thankfully, I'm emerging free  
Walking straight and being me  
And I'm waking up, waking up, waking up  
Merging as one

As an eagle, I reach new heights  
As a seagull, I scavenge for delights  
Like a dove, I seek peace in all things

And I'm waking up, waking up, waking up  
Merging as one

I'm being me (x 4)
